

WOODSTOCK JOINERY

Windows, Doors, Staircases & Bespoke Joinery

Every piece of joinery is made to measure from the finest timber available. Many of our clients praise the finish and quality of our work and through our testimonials we hope to transfer some of this feeling to you our prospective new client. All our projects start with an initial visit to understand the project and ensure the plans and proposal cover every aspect so you can be assured of getting the result you want.

Based in Enfield, we cater for Central, North and East London, Essex and Herts.

Take the time to see through our brochure and view all the disciplines we have.

In this Brochure you will find information

on:-

Sash Windows

Casement Windows

Doors

Bi-Fold Sliding Doors

Staircases

Conservatories, Orangeries

Why use Woodstock

Box Sash Windows

Every Sash Window is custom made to match the style of property. We manufacture our box sashes in hardwood only, this produces the best finished product with superior durability, while retaining a competitive price. We understand the importance of using high quality sash pulleys, cords and weights in the sash windows internal workings ensuring a long low maintenance window.

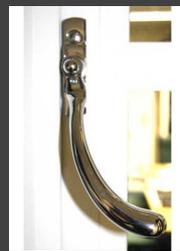

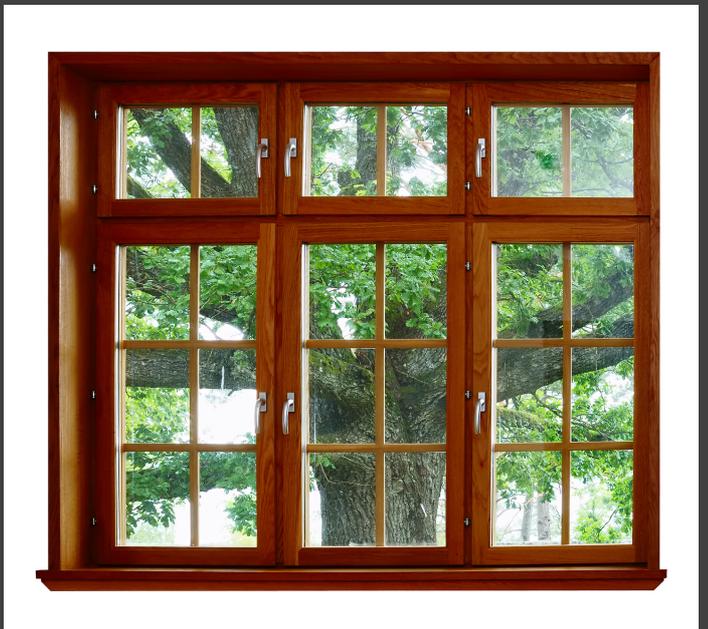

Casement Windows

Casement Window are hinged, there are many designs and styles and as such are tailor made unique for each project.

They can be made to match the existing or a different design of your choice.

Many of our customers over the years have been converting from the UPVC windows and doors back to the traditional designs and materials originally used in the property.

Our casement windows are also made with hardwood timber for a superior finish. Along with a choice selection of ironmongery.

WOODSTOCK JOINERY

Internal Doors

Internal doors can be manufactured to whichever style you wish, French doors, single or double, part or full glazed or solid timber, we can create a natural wood finish or painted a colour of your choosing. As with all our doors we use hardwood throughout to ensure a strong door with superior stability. French Doors can be a beautiful way to divide a room, with a selection of glazing and door furniture to compliment.

External Doors

Front Doors, Rear Entrance Doors and French Doors, we continue to make an exceptional quality of door to match the style of the property. Constructed using the traditional jointing method of mortice and tenon used for centuries resulting in absolute stability. A fine selection glazing styles and glass is available as well as door furniture and lockings systems, more information is available on our website .

Bi-fold Sliding Doors

Bi Fold and sliding doors are the epitome of modern living, opening up your lounge or dining area in the warmer months while having the benefit of light into the home at all other times when closed. The whole family will enjoy the open space that brings the outdoors inside for that feeling of seamless living.

All our doors are manufactured in hardwood timber to ensure the strongest frames, with a large element of double glazing we can provide high energy conservation glazed units, with argon gas and Low e coat as options to improve U value ratings. We also have low decibel rating acoustic glazed units to keep noise levels down.

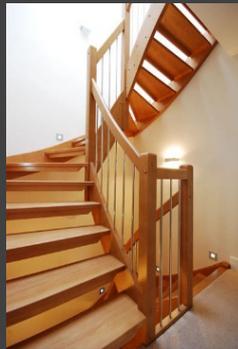

We use only the best track and gear system from the long established companies. Our Clients security can be assured at all times as we use the 3 point multi locking system, lever handles or sashlocks and flush handles.

WOODSTOCK JOINERY

Hardwood Staircases

All our staircases are made by master craftsmen skilled in staircase manufacturer and installation. Every staircase is unique to the property it is being fitted into, traditional spindle balustrades and newel posts continue to be popular as part of the hardwood staircases we make and fit. We can manufacture these in a variety of timbers with Oak being the most popular. We also offer glass balustrades as an option.

Modern Staircases

Modern and contemporary stairs offer clean lines, a mixture of timber, glass and metal set a striking contrast to create a truly modern staircase. As with all our staircases we will undertake a full site inspection to gain all measurements, and provide an accurate price and delivery time. Glass Balustrades are provided with a polished edge in standard 12mm toughened as well a variety of tints and finishes.

Conservatories & Orangeries

Conservatories, Orangeries, Roof Lanterns the name reminds you of home made lemonade in the british summertime, for many this is the ultimate home extension, looking equally well in both traditional and contemporary residences. We will create a custom design and build for domestic as well as commercial projects, helping to blend perfectly with the style of your home and garden.

We use only the highest quality hardwood in the frame of your conservatory and will ensure you make an informed decision on the glazing you choose taking advantage of modern technology to improve energy efficiency. Whether its for entertainment or relaxation you want the best, somewhere you can be proud of and enjoy your free time. Woodstock Joinery understand this and pride ourselves on a long list of happy customers.
